

# PRISMA 2

## PRODUCT SPECIFICATIONS

Elegance of Capiz flakes remains undeniable and perceivable. It has several designs to choose that corresponds consumer's desire and passion.

### DESCRIPTION:

PRISMA 2 is composed primarily of capiz shell flakes, woven fabric and threads. It goes through the handloom which holds and facilitates the inter-lacing and interweaving threads. It is done by intersecting vertical and horizontal threads that passes through the heddle and space in between to create PRISMA 2 secure and substantial. This process gives Woven Prisma its distinction as indoor wall covering.
